

Trumpet, Pitcher, Torch Game Answer Key

Divide the class into two or three teams. On the board write three names: "Gideon," "The Lord," and "One of Gideon's 300."

Team members will first draw a card from the Trumpet, Pitcher, Torch Game Point Cards. Trumpet cards = 100 points, Pitcher cards = 200 points, and Torch cards = 300 points. Then they will draw a Character Question. Have them answer the questions quickly—in a matter of seconds—to make the play more exciting and challenging.

If the playing team answers correctly, award the number of points drawn. List points on the board or just have the team start a collection of point cards and add them together at the end. If a team answers incorrectly, let the next team answer or put the question back in the drawing cup to be used again.

Play repeats, alternating between teams, until all the questions have been answered or time is up. Congratulate the team who has earned the most points.

I was not a mighty man. Who am I? *Gideon*

I was close to despair because of the Midianites. Who am I? *Gideon*

God gave me the ability to lead men into battle. Who am I? *Gideon*

I obeyed the Lord. Who am I? *Gideon*

I gave the signal for the men to break their pitchers and blow their trumpets. Who am I? *Gideon*

I called Gideon as he worked. Who am I? *The Lord*

The victory against the Midianite army was mine. Who am I? *The Lord*

I told Gideon that 32,000 fighting men were too many. Who am I? *The Lord*

I told Gideon he could defeat the Midianites using only trumpets, empty pitchers, and torches. Who am I? *The Lord*

I used Gideon to accomplish my plan for Israel. Who am I? *The Lord*

I drank from my hand, lapping water like a dog. Who am I? *One of Gideon's 300*

At Gideon's command, I blew a trumpet, broke my pitcher, and cried out, "The sword of the Lord and of Gideon!" Who am I? *One of Gideon's 300*

After the trumpet call, I watched as the Lord caused confusion in the Midianites' camp, and they ran and cried out and fled from us. Who am I? *One of Gideon's 300*

I was unafraid and stayed when others left. Who am I? *One of Gideon's 300*

I waited for Gideon to lead me into battle. Who am I? *One of Gideon's 300*

Print and cut out the point cards. Students will draw one card before they read a question. If the team answers the question correctly, award the points by writing the amount on the board. Or the teams can keep their point cards and add them up when the game is over.
