# Drawing Creation Days 1-4

## Instructions

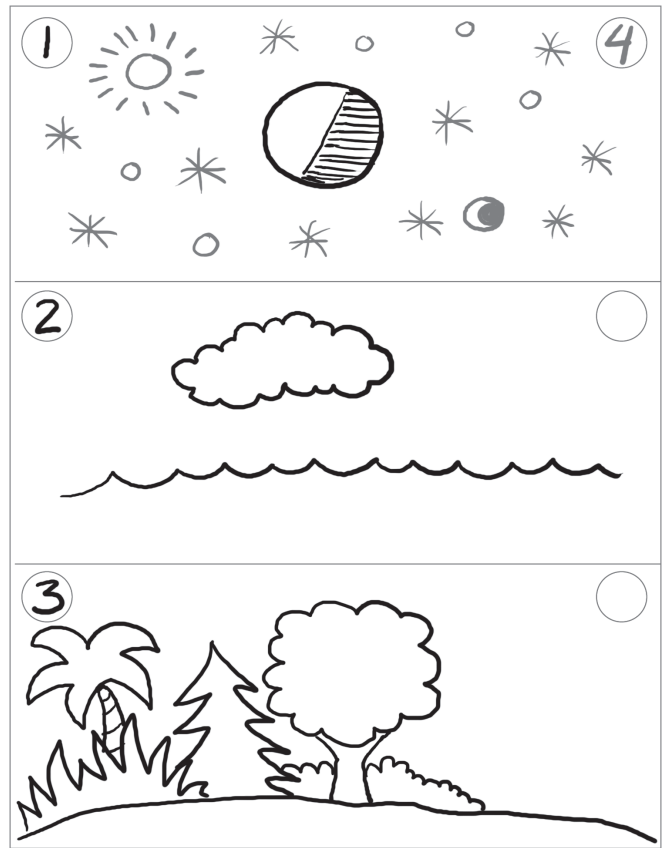

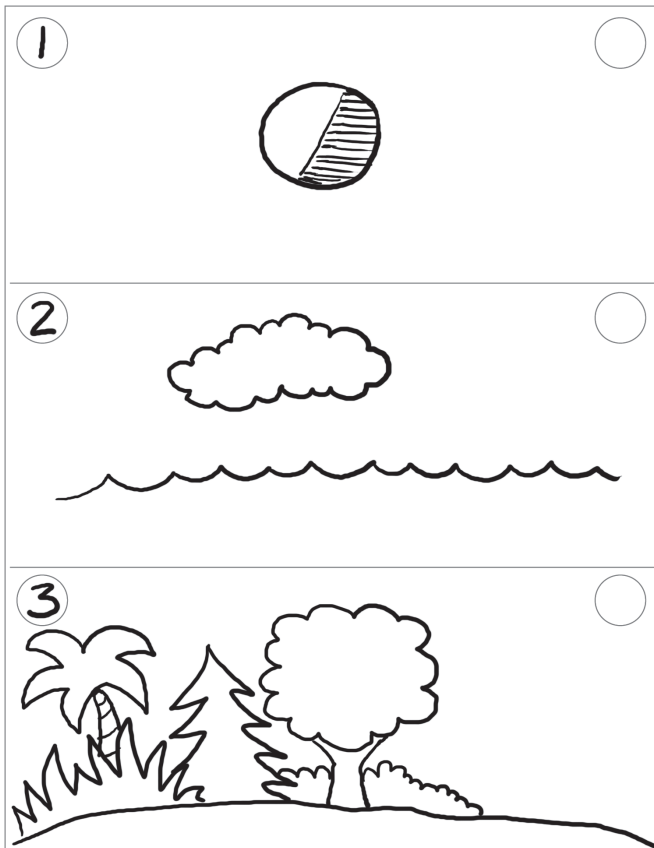

The following is what you will draw on the board for the students to copy while you are teaching through the first four days of creation in Lesson 2.

Day 1 – Draw line down center of circle and color one side dark.

Day 2 – Draw clouds in the sky and waves along the bottom.

Day 3 – Draw an area of dry ground and put flowers, trees, and grass on it.

Day 4 – Add stars, planets, moon, and sun.

Print one student drawing template for each student in your class and one drawing instructions for your use.
