

Altar Made of Stones

(God Uses Elijah Review Questions)

Preparation: Fill up 15 paper lunch bags with crumpled newspaper. Slide another bag on top of the open side of the filled bags and tape together to make a “stone.” Number the stones 1–15 and stack them so the teams can see the numbers.

Play: Divide the class into two teams and stack the “stones” in one pile in front of the teams. Each team will build an altar with the stones. Team members will choose a stone with a number on it and answer the corresponding review question. If they get the answer correct, they take the stone and begin to build their altar. The other team then takes a turn and play continues until all of the stones are gone. If a team answers incorrectly, give the other team an opportunity to answer and take the stone. Encourage the students to stack the stones on top of each other in a circle formation to make their altars. The team with the most stones wins.

If neither team can answer the question, re-read the Scripture shown below.
