

David's Review Bounce

Print one copy for your use in class.

Bring in a rubber playground ball. Have the children stand in a circle. Ask a question. Have the students raise their hands if they know the answer. Bounce the ball to one of the students. When the student has answered, he can bounce the ball back to you. Continue through the questions, allowing different students to catch the ball and bounce it back to you. Repeat the questions if time.
